MAKING FINE FURNITURE IS MY PASSION.

With an extensive background in the fine and decorative arts, I have a deep appreciation for all styles of design. As a skilled craftsman, good design is the first step. Then I will select only the best hardwoods for each piece looking carefully at color and figure. This, combined with masterfully executed details such as, mortice and tenon joinery, hand cut dovetails, and hand carved ornamentation, all result in furniture of the highest quality that will last for generations.
